

Contingent Skilled Trades Workforce

Do you have a shutdown coming up that will require additional resources to complete?

Do you have a project coming up that will require an additional Millwright, Welder, PipeFitter or other Skilled Trade specialist?

Kilmarnock has been providing contingent skilled trades staffing to plants, projects and companies for over 30 years. Whether you need additional workforce support for a day or two or more, week or two or more...need 1 or 2 or a team of 8 or 10 or more, we can provide you with the temporary staffing you need. Put our experience and expertise to work.

Call us today to talk about your planned shutdown, new line, major project or any situation requiring additional resources.

Turn to us when you need additional short-term skilled trades support. Call us today and find the peace of mind knowing that Kilmarnock will ensure that your project has the resources it needs.

Plant shutdowns are critical to your success but they often require additional resources to be executed flawlessly. Kilmarnock has over 30 years of experience in managing plant shutdowns and start-ups.

We cover all aspects of maintenance support. Preventative through routine maintenance, predictive by collecting data through non-destructive testing and measurement, vibration analysis, laser alignment, x-ray, visual inspection and 3D scanning and much more.

Turn to us when you need additional support in automation and controls. Our specialists will ensure that your operations run smoothly and you have access to the expertise you need, when you need it.

Our highly skilled, trained staff will complement your team and ensure that your operations continue to run smoothly or your project is executed on time. Our expertise includes:

Millwright, Welder, Pipe Fitter Support
